

## OHIO LEGISLATURE!

Bitter Fight Over the Pending  
Senatorial Election.Senator Hanna's Friends Putting in  
Hard Work for Him.Numerous Presidential Appointments Sent  
to the Senate.

## SLIGHT FREEZE IN FLORIDA.

Columbus, O., Jan. 5.—The senatorial contest broke more bitter to-day than ever. After the sensational developments of last night in connection with the repeated changes of Representative Griffith and other doubtful members, skirmishing proceeded more clandestinely on both sides. No claims of changes were made on either side. It was the purpose of the managers in not holding any caucus to be able to keep their own secrets till the balloting begins, a week hence. It is believed that secret compacting are being made that will not become known until the votes of members are recorded. The situation is the same as after the organization of the legislature on Monday. All those who changed preferences yesterday were brought back during the night to their original places.

There was much comment to-day on the departure of Congressman Grosvener for Washington, after ex-Secretary Ryan and others, who have recently been here in the interest of Senator Hanna. The Hanna men insisted that there would be no legation while the opposition insisted that they had Hanna bent now and would defeat Secretary Sherman, Assistant Secretary Day, or any other friend that the national administration brought out in place of Hanna.

The feature of the day was the passage in the house by unanimous vote of a bill repealing the law for fifty years' franchises to street railways. This repealing bill was introduced by Representative Bradley, of Cleveland, one of the republicans opposing Hanna. Mr. Boxwell charged Bradley with using this bill for defense and banishment. It was freely charged by members that Senator Hanna, as well as Senator Foraker, lobbying for a fifty-year street railway franchise law. In the senate there were no new developments, Burke continuing to co-operate with the democrats.

It is announced that Senator Burke, the only dissenting republican senator, is dissatisfied with the senate organization and will vote for re-organization. Both houses adjourned till Monday.

## NEW YORK LEGISLATURE.

Gov. Black Makes Many Recommendations  
in His Annual Message.

Albany, N. Y., Jan. 5.—In his message to the legislature to-day, Governor Black recommends that a commission be created to examine into the commerce of New York, the causes of its decline, means for its revival and report conclusions. In dealing with the labor problem, the governor made these suggestions: "First—that immigration be checked; second—that a fair rate of wages be paid to laborers; third—that in opposing strikes by armed men a method should be adopted which would not at first discharge a firearm and produce fatal tragedies such as caused a recent event to be universally deplored."

The legislature organized to-day. The senate with a membership of fifty has a republican majority of twenty; the assembly with 150 members on the roll, is republican by eight. The republican caucus nominees were elected without any unusual incident.

The speaker of the assembly is J. M. E. O'Grady, who presided during the session of 1897.

Chicago Gold Factory. Chicago, Jan. 5.—The report that Chicago's gold factory is closed down is emphatically denied by Manager Price. According to his statement, the factory is now sending to New York 2,000 pounds of bullion every day. A five-year contract has been made with a New York firm to smelt the metal, as it was found impracticable to do so at the works at Thirty-ninth street.

Burned. Ottawa, Ont., Jan. 5.—The east wing of the Ottawa university, Catholic, burned to-day. Loss, \$50,000.

## PRESIDENTIAL APPOINTMENTS.

Big Grant of Commissions and Other Federal  
Officials.

Washington, Jan. 5.—The president to-day sent the following nominations to the senate: Francis C. Lowell, United States district judge, Massachusetts; Edgar M. Steins, marshal, district of Kansas; George L. Siebert, marshal western Texas; Owen L. W. Smith, North Carolina, minister, resident and consul general to Liberia; James C. Stone, Missouri, consul general at Cape Town; Herbert S. Squires, New York, secretary legation at Pekin, China.

Consuls—Adolph I. Frankenthal, Mississippi, at Rome; Noel McMillin, Michigan, at Port Sania, Ontario; James Mayers, Ohio, at Rosario, Argentine Republic; John H. Grant, Jr., Massachusetts,

## WASHINGTON NEWS!

Congress Convened and Both  
Houses at Work.Hawaiian Treaty to Be Called Up  
Next Monday.Senator Teller Wants the Government  
Bonds Paid in Silver Dollars.

## LEITER'S BIG WHEAT DEAL.

Washington, Jan. 5.—There was not a very large attendance in the house of representatives to-day, and with one or two exceptions the members of the Ohio delegation, both democrats and republicans, were absent. The house went into committee of the whole to resume consideration of the legislative, executive and judicial appropriation bill. All the features of the bill had been disposed of except the appropriation for the civil service commission, upon which, by previous arrangement, there was to be no general debate.

It was proposed that Moody, republican (Mass.) and Dockery, democrat (Mo.), control the time for and against. Hepburn, republican (Iowa) suggested that it was a three-cornered contest. "The democrat," said he, "desires the entire repeal of the law. Some of those on this side desire that it stand as it is, while a large body of us desire a wholesome modification of its provisions."

"Why does the gentleman aver that all the democrats on this side of the house desire the entire repeal of the law?" inquired Clark, democrat (Mo.). "Simply because that would be wrong, and your side is always wrong," retorted Hepburn amid great laughter.

All suggestions as to control of time failed at last and the chair recognized Grov, republican (Pa.) who spoke twenty minutes in support of the general principle of civil service law. Moody (Mass.) made an elaborate discourse of the civil service system.

Dockery, democrat, Missouri, opened the opposition to the civil service law in the house. He made a warm speech in which he declared the law odious to the American people and should be repealed.

## SENATE.

There was only a small attendance at the senate to-day. Allen, of Nebraska, spoke on the immigration bill and declared in favor of consular inspection of immigrants.

Carter, of Montana, called up the bill to provide for taking the next census and argued against making appointments through the civil service commission, saying it was a preliminary measure and provided only for thirty-two places.

Cockrell, of Missouri, replied, declaring that the republican party was backing squarely down from its position on the civil service question.

A report by Secretary Sherman on civil service was read. Cockrell said it was a remarkable document, being a request on congress for legislative action which was in the power of his chief by executive order.

Teller declared that the census bureau should not be a partisan institution, but under the classified service. He asserted that in the last census the silver production had been fraudulently overstated by \$10,000,000.

At 3:10 the senate went into executive session.

At 3:30 the civil service debate was still in progress with Landis, republican (Ind.), speaking in favor of a modification of the law. His strictures on the self styled "better element" were severe. They were, he said, narrow, bigoted, selfish, dangerous.

Pearson, rep. (N. C.), attacked the law and said a bill for its repeal would be brought in by a majority of the civil service committee.

## DURRANT MUST HANG.

Last Hope of the Prisoner Denied by the  
Court.

San Francisco, Jan. 5.—In the United States circuit court to-day, Judges Morrow and De Haven denied application for writ of habeas corpus for Durrant and refused to grant Durrant's attorneys leave to appeal from this decision.

Unless all present plans are changed and Governor Budd grants stay of proceedings, W. H. Theodore Durrant will hang in the prison yard of San Quentin at 10:30 o'clock, Friday morning. The carpenters began the work of erecting a gallows at 7 o'clock this morning. The prisoner was assisted by a number of convicts. The driving of the nails in the scaffold can be distinctly heard in the cell of the condemned man but his anguish is apparently too great to notice it. Last night the death watch was more alert than at any time during Durrant's confinement.

## GERMAN WINS.

That Country Takes a Lease on a Slice of  
China.

Berlin, Jan. 5.—The Reichsanzeiger this evening announced that according to a telegram from Pekin, an understanding has been reached between Germany and China regarding the cession of Kiao Chau Bay to the former. The arrangement is substantially as follows: It is intended by the cession to render it possible for Germany to secure the fulfillment of her just wish for possession, in the same way as other powers, of a base of trade and navigation in Chinese waters. The cession of Kiao-Chau Bay to Germany takes the form of a lease for an indefinite time.

Germany is at liberty to erect on the ceded territory all the necessary buildings and establishments and take measures required for their protection.

## HAWAIIAN TREATY!

The Senate Soon to Ratify the  
Document.Russia Orders Rifles and Ammunition  
at Remington Works.Passenger Train Held Up and Robbed  
Near Kansas City.

## VESSELS OF THE NAVY.

Washington, Jan. 5.—The outlook for the ratification of the Hawaiian annexation treaty is now considered bright. Friends of the measure believe that they can secure for it sixty-two votes—three more than are needed. The feeling is very strong that unless the United States takes in Hawaii, the islands are likely to cause trouble in the future, when one or more European nations will attempt to acquire them or give them to Japan as compensation for their grants in China.

Strength of the Navy. Washington, Jan. 5.—The present strength of the United States navy is officially stated at 140 vessels of all kinds, including nine first-class battleships, two armored cruisers, six double-turreted monitors, thirteen single-turreted monitors, thirteen unprotected cruisers and ten gunboats. It is gratifying to learn that the number of steel torpedo boats has been increased to twenty-two.

ROBBED A TRAIN. Kansas City, Jan. 5.—A train on the Kansas City, Pittsburg & Gulf railway was held up last night within the city limits. The Wells-Fargo express messenger, M. E. Hayden, who was bound and covered by one robber while the other rifled the local safe, sent the company a message this morning to the effect that the robbers took nothing of value. Local officials of the express and railway companies assert that only a few packages of jewelry of no particular value and no money were secured. The robbers are described as about 25 years old and clean shaven. They apparently made good their escape.

Russia Orders Arms. New Haven, Conn., Jan. 5.—An order for 10,000 of the latest pattern in military rifles and 5,000,000 rounds of ammunition, has been placed with the Winchester Arms company through its San Francisco office. They are to be shipped at the earliest possible moment. The order comes from the Russian government.

Hawaiian Treaty. Washington, Jan. 5.—Senator Davis, chairman of the senate committee on foreign relations, gave notice in the senate to-day that he would call up the Hawaiian annexation treaty in executive session on Monday next, and ask the senate to consider it on each day thereafter until the treaty be disposed of.

Governor of Iowa. Des Moines, Iowa, Jan. 5.—Governor-elect L. M. Shaw and his family have arrived in Des Moines to-day. It is their formal removal from Denison to Des Moines. Mr. Shaw expects to remain here most of the time before the inauguration, which will take place Jan. 13. He has rented a fine residence in Pleasant street, one of the most fashionable sections of the city.

Railroad Collision. Kansas City, Jan. 5.—At Rock Island Junction, Kan., this morning, a west bound Union Pacific work train and an east bound Rock Island stock train collided head on. The engines and firemen were injured, but not seriously. The collision is attributed to a dense fog.

The injured are: Peter Reisker, Albert Lewis, W. S. Trent and Frederick Fletcher, all of Kansas City, Kan.

Anxiety Reprehensible. Marysville, Ore., Jan. 5.—People here are wild and threats of violence are made against Representative Griffith. Two Kurts men from Columbus while en route here, escaped violence at the hands of the angry republicans. A mass meeting of Griffith's constituents has been called for to-night.

National Bank Examiner. Washington, Jan. 5.—Controller Dawes has appointed William C. Oakley, Chicago, national bank examiner to succeed Joseph T. Talbert, resigned.

Satisfactorily Settled. Pekin, Jan. 5.—The Kiao Chou difficulty was settled yesterday at a conference and the Chinese foreign office made the necessary concessions.

HENRY GREGORY RESIGNS. A New General Foreman of the Local Shop—An Ohio Abolisher.

For the past two or three days, rumors and counter rumors, have been in circulation that big changes, dismissals and resignations, would take place at the local shops of the Santa Fe Pacific. But this CITIZEN was requested to keep quiet until official notices were issued.

The following notice, a very important one, was posted yesterday at the shops, in effect to-day, Jan. 5:

"Mr. Jacob Schilling has this day been appointed general foreman of the locomotive and car departments, vice Henry Gregory, resigned."

Mr. Gregory has held the position of general foreman at the local shops since 1890, and, besides being a worthy employee, is very popular among the people of the city. He stated this morning that he and family would remain in the city for a short time, until they knew definitely where they would locate in the future.

The new general foreman, Jacob Schilling, arrived in this city about a month ago and was employed in a minor position at the local shops. He was foreman of the motive power of the Southern California railway at San Bernardino, Cal.

On Monday, Jan. 3, an order was issued abolishing the office of assistant foreman of the car department of the local shops of the Santa Fe Pacific. R. P. Fox was the efficient assistant foreman.

IT IS NOW MURDER. Pablo Montano Dead and Luis Apodaca Held for the Crime.

THE CITIZEN has already mentioned the death of Pablo (not Pedro) Montano at the railway hospital and the turning over of his body to Underkist Strong for burial.

Montano's death was the direct result of a brief assault made upon him by Luis Apodaca, near Holbrook, a short time ago. Apodaca was arrested by Sheriff Waterson, and is now in jail at Holbrook, the charge of assault being changed to that of murder. Montano, who was a sheep herder, besides being knocked over the head by Apodaca, was robbed, so it is claimed, of \$50 in money.

The murderer is well-known in old Albuquerque, and a short time ago resided in Los Duranes.

Deputy Clerk of Court. Judge J. W. Crumpacker and Clerk of Court Harry Owen returned to the city last night after an absence of two weeks on their Christmas vacations, the former at La Porte, Ind., and the latter at Chicago. They were accompanied by Ness Crosby, who escaped violence at the hands of the angry republicans. A mass meeting of Griffith's constituents has been called for to-night.
